Read the requirements of the recreational fire permit. Scroll to the bottom and check the boxes, stating you understand the requirements of the permit.

vegetation. Brush piles and brush/scrub debris may not be burned and shall be deemed as yard waste.

1. Portable unvented fuel-fired heaters, including propane or natural gas, fueled portable outdoor gas-fired heaters and patio fire pits shall not be used indoors or inside any enclosure.

The City of Maple Grove recreational fire permit does not supersede any requirements imposed on individuals by a home owner's association or a landlord

The permit is subject to revocation if open burning is conducted violating any of the conditions listed. If you should move, the permit will no longer be valid

Acknowledgements:

- I understand that I can only burn clean, dry firewood. (required)
- I understand that my fire must be attended at all times by a person over 18 years in age. (required)
- I understand that I shall not have a fire when winds are greater than 10MPH sustained. (required)
- I understand that I must have an adequate means to extinguish the fire. (required)
- I understand that the MGF D or MGPD can require me to extinguish my fire for violation of these rules, or for any other safety cause. (required)
- I understand that if I am a renter or live in a homeowner association, the homeowners association and or landlord may have more stringent rules than the city and that the city's permit does not supersede these requirements. (required)

The screenshot shows the 'Community Connect' user profile page. At the top left is the 'Community Connect' logo and a seal. A navigation bar contains icons for profile, COVID-19, household, contacts, pets, access & utilities, and burn permits. The main content area consists of eight white cards, each with a red icon and a title. The 'Burn Permits' card is highlighted with a yellow arrow pointing to a print icon. The background is a scenic view of a residential area with a playground.
